### Re-registering with SDFC for 2024

Club fees are as follows. These fees include fees set by Football Australia, Football SA and the Adelaide Hills Junior Football Association. The club element of the fees has been kept the same, but the governing body fees has increased since last year:

Development Players Age 5 – 7 > \$133

Regular club players > \$248

Dual registered players > \$183 (club fee and AHJFSA fee is the same as for regular players, but FA/FSA fees already paid through the other club)

There is a small admin fee payable to Play Football on top of the club fees.

Our fees include all payments the club has to make to the FFA, FFSA and AHJSA, along with all payments due to referees where required.

Within this category there is the option to use a sports voucher – see below.

- **Sports Vouchers:** These are claimable for all players that are in Years Reception to 9 and are worth a \$100 reduction in club fees. Only **one per child can be used per calendar year** so therefore, if you have used one already this year, do not choose this option when going through the registration. Incorrect claims will result in the club following up for the balance of fees due.

Sports vouchers will be claimed by the club directly and the value is deducted from the registration fee due from yourselves. There are a number of questions you must complete to be able to use your sports voucher. When entering the Medicare number you must use include the full 11 digit number applicable for the child with the 11<sup>th</sup> number being the one directly in front of the child's name on the card.
